

FACTS

**- How will Pro-Enrich
contribute to
THE SUSTAINABLE
DEVELOPMENT GOALS?**

Horizon 2020
European Union Funding
for Research & Innovation

Bio-based Industries
Consortium

This project has received funding from the Bio Based Industries Joint Undertaking under the European Union's Horizon 2020 research and innovation programme under Grant Agreement No 792050.

2 ZERO HUNGER

Pro-Enrich will cost-effectively valorise proteins and other functional ingredients from agricultural residues at food grade quality.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Pro-Enrich will develop a generic biorefinery, with a high replication potential, capable of processing agricultural residues into bio-based products with added value.

12 RESPONSIBLE CONSUMPTION AND PRODUCTION

Pro-Enrich will ensure efficient use of bioresources through a cascading approach and will guide and inform EU producers and consumers about sustainable bio-based products.

13 CLIMATE ACTION

Pro-Enrich will contribute to efficient use of bioresources which will lead to a reduced environmental climate impact.
